Puppy isn't just any dog.
He's as a child imagines a dog
when drawing one for the first
time: head, body, paws.
That's why he's so fantastic,
including his colours.

Puppy no es un perro cualquiera, sino un cachorro imaginado por un niño cuando lo dibuja por primera vez: cabeza, cuerpo, patas. Por eso es tan fantástico, incluso en los colores.

Puppy n'est pas un chien comme les autres, mais un chiot imaginé par un enfant, quand il le dessine pour la première fois : tête, corps, pattes. C'est pour ça qu'il est génial : même au niveau des couleurs.

Puppy ist nicht irgendein Hund, Puppy ist ein Hundebaby, so wie es ein Kind zum ersten Mal zeichnen würde: Kopf, Körper, Pfoten. Deshalb ist es auch so fantasievoll: auch in den Farben.

Puppy non è un cane qualsiasi, ma un cucciolo immaginato da un bambino, quando lo disegna la prima volta: testa, corpo, zampe. Ecco perché è così fantastico: anche nei colori.
