Il compasso e lo specchio

it — Tutto ha un centro.
Saba ha puntato il suo compasso
là dove ragione e cuore sono vicini
e intrecciano le mani. Dalla loro energia,
è nata la fiducia per far ruotare intorno
a quel centro tutti i nostri progetti.
Ci vuole cuore per innamorarsi dell'idea
sacra di un tempio, ci vuole ragione per
farla diventare oggetto reale, ci vuole
fiducia per portarla ad abitare nelle case
del mondo. La collezione Anam,
il cui nome in sanscrito significa spazio
interiore, è lo specchio che riflette il
nostro centro. Cuore, ragione, fiducia.

The compass and the mirror

en — Everything has a center.
Saba has pointed its compass
towards a place where reason
and heart are near and intertwine.
From their energy stems the trust
around which all our projects revolve.
It takes heart to fall in love with the
sacred idea of a temple, it takes reason
to turn it into a real object, it takes trust
to bring it into the homes of the world.
The Anam collection, whose name
in Sanskrit means inner space,
is the mirror that reflects our center.
Heart, reason, trust.

Anam

design Federico Peri

it — La collezione Anam di Federico Peri introduce arredi scultorei e atemporali, la cui classicità viene evocata attraverso elementi strutturali di rimando alle colonne di un tempio. La libreria si sviluppa in un gentile equilibrio tra leggerezza e solidità, arricchendo lo spazio senza dominarlo e offrendo l'inedito accostamento del tessuto opzionale nel lato inferiore dei suoi ripiani. Il tavolo evoca i colonnati circolari e invita alla sacralità della condivisione, mentre la poltrona è pensata per accogliere chi si accomoda nell'abbraccio delle sue forme.

en — Federico Peri's Anam collection introduces sculptural and timeless furnishings, whose classicism is evoked through structural elements reminiscent of temple columns. The bookcase unfolds in a gentle balance between lightness and solidity, enriching the space without overpowering it and offering a novel pairing with the optional fabric on the underside of its shelves. The table evokes circular colonnades and celebrates the sacred nature of sharing, while the armchair is designed to embrace, welcoming who sits within the comfort of its forms.

it — Il divano Land conserva la sua natura nomade grazie alla flessibilità offerta dal sistema di aggancio dei pannelli schienale, permettendo di cambiare agevolmente la posizione di seduta. La sua spiccata personalità lo rende protagonista sia quando è elemento singolo, sia quando è sistema modulare. I singoli pannelli schienale si possono riorganizzare in modo intuitivo, per rispondere agevolmente alle esigenze del momento, reinventando la geografia dello spazio in modo personale e creativo. A completare il progetto, i piani removibili sono utili appoggi in prossimità della seduta, inseribili su tutti e quattro i lati. Completamente sfoderabile.

en — Land sofa retains its nomadic nature thanks to the flexibility offered by the backrest panel attachment system, which allows an easily changeable seating position. Its strong personality makes it a protagonist both as a single element as well as a modular system. The individual back panels can be intuitively rearranged to easily adapt to the needs of the moment, reinventing the geography of the space in a personal and creative way. To complete the project, the removable side surfaces are useful supports near the seat, which can be inserted on all four sides.

New York

design Sergio Bicego

it — L'iconica poltrona New York è stata ripensata suggerendo due nuove proposte. New York Line, declinata anche in versione bergère, offre, grazie all'imbottitura reinterpretata, una proposta soffice e al contempo grafica, mentre New York Curve conserva la sinuosità delle sue forme e la reversibilità del suo manto leggero e femminile. Completamente sfoderabili.

it — Philia, dal greco "*amicizia*", è il nome della nuova collezione di coffee tables che STUDIOPEPE firma per Saba, un vero e proprio simbolo di connessione e armonia, progettato per adattarsi a varie tipologie di ambiente, le cui forme bilanciano semplicità e raffinatezza. Pensati per essere accostati al divano Simposio in un dialogo coerente, questi complementi possono creare un legame perfetto anche con altre tipologie di imbottiti.

Metis

design Nicola Pavan

it — Il letto Metis mantiene la flessibilità dell'omonimo divano offrendo una morbida testiera trapuntata, modellabile con un semplice gesto, che la rende ora aperta lineare e grafica, ora chiusa, protettiva e intima. Eleganti piani di appoggio in pietra, con la funzione di comodino, possono essere alloggiati in due posizioni del sommier, assecondando diverse necessità.
Ai piedi del letto può trovare alloggio la panchetta Metis con trapuntatura coordinata, grazie alle due altezze disponibili, può essere collocata in vari contesti. Completamente sfoderabili.

en — The Metis bed retains the flexibility of the namesake sofa, offering a soft quilted headboard that can be shaped with a simple gesture: opened, it's linear and graphic; if closed, it becomes protective and intimate. Elegant stone surfaces, serving as bedside tables, can be positioned in two locations on the bed frame to suit different needs. The Metis bench, with matching quilting, can be placed at the foot of the bed. Available in two heights, it easily adapts to various settings. Fully removable covers.

Pan Flute

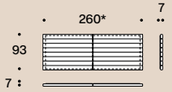

design Paolo Grasselli

it — Ispirato all'omonima poltrona e panchetta, la testiera Pan Flute disegna la parete retro letto come uno spartito musicale. Pensata come una boiserie, i suoi volumi circolari invogliano a personalizzare la parete con texture inedite. Perfetta per ambienti contract e residenziali, può essere acquistata singolarmente o accompagnata dal suo sommier. Disponibile in due dimensioni, abbraccia giroletti sia piccoli che materassi di grandi dimensioni. Completamente sfoderabile.
